## Community Development Block Grant (CDBG) Public Service Grants

The City of Mount Vernon, is seeking applications from qualified non-profit organizations interested in providing services that address one or more of the public service needs targeted in the city's CDBG program.

The City of Mount Vernon's CDBG allocation for FY 2019 is \$1,661,732. The City's HOME allocation for FY 2019 is \$440,662. A maximum of 26.6% (\$442,020.71) of the total CDBG allocation will be made available for public service programs and projects to be administered by the City or by sub-recipients. (Note: This amount exceeds the 15% public service cap. Mount Vernon is one of three entitlement communities that can exceed the 15% public service cap per HUD).

Each project grant request should be submitted as its own application. The City will consider all applications, however, the applicant should carefully review this package and note changes in the selection process that are contemplated due to the increasing administrative burden of such grant funding.

CDBG funds are not intended to sustain a program for an indefinite period of time.

Please keep this in mind as you develop your narrative and budget for FY 2019.

Note: For FY 2019, changes have been made to the public service application to ensure maximum benefit to low-and-moderate income persons from the grant award.

## CDBG National Objectives

The primary objective of the CDBG program is the "development of viable urban communities by providing decent housing and sustainable living environments and expanding economic opportunities particularly for low-and-moderate-income individuals."

Applications for CDBG funding must meet one of the following HUD national objectives. A proposal that fails to meet one of these objectives is ineligible.

1. Directly benefit low-and moderate-income persons
2. Aid in the prevention or elimination of slum or blight
3. Meet an urgent need

Note: All information used to verify the program's national objective criteria must be documented, verifiable, and maintained in the subrecipients' records on-site.

## Benefit Low-and Moderate-Income Persons

At least 70 percent of CDBG funds must benefit low-and moderate-income residents. To meet the national objective of benefitting low-and moderate-income persons each project must fall into one of the two categories outlined below:

### I. Limited Clientele

Limited clientele activities benefit a limited group of people, at least 51 percent of those persons served must be low-and moderate-income persons. These activities must meet one of the following criteria:

- Benefit a clientele generally presumed by HUD to be principally low-and moderate-income (LMI): abused children, elderly persons, battered spouses, homeless persons, severely disabled persons, illiterate adults, persons living with AIDS, and migrant farm workers;
- Require information and documentation on family size and income documenting that at least 51 percent of clients are income eligible;
- Maintain eligibility requirements which limit the activity exclusively to income eligible persons.

### II. Low Moderate Area Benefit (LMA)

In order to qualify as a LMA benefit a project must meet each of the following criteria:

- Be available to all residents of a particular area with delineated boundaries (service areas).
- At least 51 percent of the area residents are low-and moderate-income (Please refer to CDBG Map available at: [www.cmvny.com/cdbg](http://www.cmvny.com/cdbg))
- The service area is primarily residential

## Compliance

An agency must maintain the following records for compliance (minimum requirements for both low moderate clientele and low moderate area:

- 1) Total number served;
- 2) Documentation that at least 51 percent of the program participants are low-to moderate-income unless those served are presumed eligible;
- 3) Intake forms showing household size, annual income, race and ethnicity of clients.

## Consolidated Plan

In order to receive funding under certain HUD programs, the City of Mount Vernon has adopted a Consolidated Plan that has been approved by HUD. The purpose of the Plan is to provide for housing and related needs in a manner that improves the availability and affordability of decent, safe, and sanitary housing in a suitable living environment including housing for persons needing supportive services. The priority needs and strategies identified in the Consolidated Plan will be a factor in the review of proposals. The Consolidated Plan is available at: [www.cmvny.com/cdbg](http://www.cmvny.com/cdbg)

Agreements will include quarterly reporting requirements, as well as a cancellation clause. The cancellation clause will allow the City to cancel the contract should the City determine the sub-recipient does not have the capacity to meet the implementation timeline or is not demonstrating compliance with contractual obligations in a timely manner.

## Contractual Requirements

Each grantee selected to receive funds is required to sign a contract with the City. **No costs incurred prior to the execution of an agreement with the City are reimbursable.** Under CDBG laws and regulations, certain requirements must be met in order to negotiate an agreement. These requirements include the following:

1. Applicants must demonstrate that they are a nonprofit organization or a governmental agency.
2. After an application is approved for funding, a contract will be prepared and sent by the City to the person identified by the applicant as the authorized official for signature. The contract will specify the amount of the award, the period for which the project is approved, the contract term, and administrative provisions. Special conditions attached to the award will also be specified in the agreement. Grantees will be required to submit and file quarterly reports on expenditures, performance progress and objectives.
3. Each agency receiving CDBG funding from the City is required to certify that it will conduct its business in compliance with the non-discrimination requirements of the City, State and Federal governments, as applicable.
